PROFILE

Hans has a strong proficiency in Ruby, which he began studying towards the end of 2019 specifically for Ruby on Rails development. He possesses solid skills in JavaScript, Python, Java, PHP, CSS, and HTML. Regarding front-end development, he prefers utilizing frameworks like Bulma, Tailwind, and Bootstrap. His GitHub profile showcases diverse projects demonstrating his skills to deliver high-quality software across all development life cycles.

EMPLOYMENT HISTORY

- ❖ **Grocery Clerk, Loblaws** Mar 2023
Toronto
 - Restocking and facing products on shelves.
- ❖ **Parliamentary Assistant, Legislative Assembly of the State of Santa Catarina** Feb 2020 — Sep 2022
Florianópolis
 - Responsible for other's parliamentary assistant's accountability for allowances and travel, rent payment of regional office, managing social media profiles of the State Congressman, and designing digital content for them.
 - Organization, attention to detail and responsibility were key when checking and declaring allowances and costs for travel of other parliamentary assistants as public money was used and compliance requirements were very strict.
 - I streamlined processes that previously were paper-based, such as parliamentary assistants' fuel expenses, distance travelled, vehicle data, etc.
- ❖ **Administrative Assistant, Wizard by Pearson** Jul 2016 — Oct 2020
Governador Celso Ramos
 - Responsible for receiving students' monthly payments and providing their receipts, managing new students' subscriptions, inputting data on the school's system, attending to the front desk and dealing with any other demand that the school's director required.
- ❖ **Customer Success Consultant Intern, H2App** Jun 2015 — Dec 2015
Florianópolis
 - Responsible for the onboarding of new users onto the company's software.
 - Active support of existing users.

EDUCATION

- ❖ **Georgian College** Sep 2022 — Apr 2023
Diploma in Computer Programming Toronto
- ❖ **Universidade do Sul de Santa Catarina** Aug 2012 — Dec 2015
BA in International Relations Florianópolis

The only student to present the final paper as a lecture to other students.

HOBBIES

During my free time, I enjoy doing game design and as such I have created mods for games like Battle for Middle-Earth II and Hearts of Iron IV. Those projects are shown on my personal portfolio page. I'm also a purple belt in Brazilian Jiu-jitsu.
