## WORK EXPERIENCE

### POVO App

Toronto

*Backend Developer*

- Design and implement robust backend services and APIs using TypeScript, Node.js, and Express.
- Develop a cross-platform application using Expo and React Native for iOS and Android.
- Create and maintain various pages and components, ensuring seamless integration and performance.
- Enhance user interaction and experience through efficient UI components and animations.

### ILAC - Toronto

Toronto

*Coding Support Specialist*

Aug 2023 - Dec 2023

- Provided individualized support to over 100 students on programming projects through one-on-one sessions and peer programming, overseeing development progress and conducting code reviews. Helped in troubleshooting, concept comprehension, skill enhancement, and portfolio development.
- Develop and lead workshops, delivering presentations to students to foster essential skills such as proficiency in version control software, frameworks, and algorithms.
- Spearheaded the launch of Georgian@ILAC's inaugural Computer Programming Lab, independently developing foundational processes to enhance student skill sets and facilitate portfolio building.

### Legislative Assembly of the State of Santa Catarina - Brazil

Brazil

*Parliamentary Assistant*

Feb 2020 - Sep 2022

- Managed and updated a congressman's website and social media with the latest drafts, passed bills, and news, ensuring timely and accurate information.
- Created and designed engaging digital content, including graphics and videos, to enhance the Congressman's online presence and boost constituent engagement.
- Managed compliance with public money regulations, and contributed to a successful re-election campaign, increasing votes from 38,547 to 71,185 during my tenure.

## EDUCATION

### Georgian College

Toronto, ON

*Diploma in Computer Programming*

Graduation Date: Apr 2024

### Universidade do Sul de Santa Catarina

Florianópolis, Brazil

*BA in International Relations*
